Observations... From Around Town

(BY JAY WHOZIT)

Yes sir, Tuesday is the day—election day—a day of great expectations, for some their dreams realized, for others, shattered. But aside from this we have been asked to remind you that if you need duplicate poll tax receipts, or exemption certificates, be sure to get them BEFORE election day or you may get left because of the rush. . . . Brother Peter, President of Stanislaus delivered the Commencement address at Loyola University summer graduation exercises on Wednesday morning, in the Holy Name auditorium, New Orleans and since it is seldom that a high school principal is asked to address a University graduating class, we of Bay St. Louis feel that we share the honor along with Brother Peter. . . . if you are in doubt as to who to vote for in the Governor's race, place your X opposite the name of Fielding Wright. He has made a good Legislator, State Senator, Lieutenant Governor and Governor and really deserves a chance to serve a full four-year term, and we also want to say that we think Mundell Bush has done a good job, as Highway Commissioner and can continue to do so, if given the chance. . . . the Knights of Columbus will hold an initiation at their home on Main Street, on the first Sunday in September. . . . contract was let on Tuesday of this week for the first Farm-to-Market road project in Hancock County, for construction of grading, drainage structures and bridges on 2.32 miles of highway between Kiln and DeLisle, this is part of a vast program of highway construction now going on in the state. . . . this Friday, August 1st is Air Force Day as proclaimed by President Truman, and will be celebrated all over the United States at all Army Air Fields. . . . if all the pre-election campaign promises we have heard and read were fulfilled Hancock County could well be known as the Utopia of America, but promises are like glass—easily broken. . . . the Board of Mayor and Aldermen of the City of Vicksburg has adopted an ordinance providing for a city tax against the sale of "illegal products" in Vicksburg. The city ordinance provides that liquor retailers be taxed \$100 per month; while wholesalers must pay \$150.00; punch board operators, \$100.00 per month, and so on down the line. . . . this is not a bad idea at all, especially since we have such a wide-open town and of course, think how nice it would be to have a surplus in the treasury. . . . elsewhere in this issue is published the sample ballot similar to the one you will vote on Tuesday, you may check it at home so that you will know just what you want to do before you get to the voting precinct. . . . the weather continues hot and dry and as a result the crops, in most cases, are drying up and the cattle are losing weight, because of the lack of proper pastureage, we may have to do like the Indians of old—go out and pray for rain. . . . Attorney General Greek Rice ruled this week that civilian absentee ballots distributed and voted more than ten days prior to next Tuesday's Democratic Primary are VOID.

Knights of Columbus To Hold Initiation First Sunday in September

At a meeting of the Pere LeDuc Council of the Knights of Columbus of Bay St. Louis, held last Monday night, final arrangements were made for the holding of an initiation in Bay St. Louis, on the first Sunday of September. (The degrees will be exemplified at the home on Main street.)

Miss Lita Levy Morrill Dies In New Orleans

Mrs. Lita Levy Morrill, wife of Walter Scott Morrill died in New Orleans on Sunday, July 27, 1947, at 1:20 o'clock p. m., following an extended illness.

Mr. and Mrs. Morrill at one time owned "Twin Oaks" and made their home here where they took an active part in affairs and where they made many friends to mourn her passing.

Besides her husband Mrs. Morrill leaves four sisters, Mrs. R. J. Crawley, Mrs. M. L. Kemp, Miss Isabelle Levy of New Orleans; Mrs. George S. Cobb of West Point, Georgia; a brother Rev. Frank Levy.

Her funeral was held in New Orleans on Monday, July 28 at 2 p. m. Interment was in Metairie Cemetery.

HILDA YARBROUGH HUDSON ANNOUNCES FOR JUSTICE OF THE PEACE, BEAT FIVE

The Sea Coast Echo is authorized to announce the candidacy of Mrs. Hilda Yarbrough Hudson for the office of Justice of the Peace of Beat Five in the coming Democratic Primary Election. Her statement to the voters follows:

To The Voters of Beat 5, Hancock County:

I offer this as my announcement of my candidacy as Justice of the Peace for Beat 5, Hancock County. I was born and reared in Hancock County, a member of an old established family. I have been working for the past three years trying to earn a living for my four children and myself. My husband died in 1944 leaving me with four small children.

Since that time I have worked in War Defense plants and other places to earn a living.

I believe I am qualified for the position for which I am a candidate and I hope when you go to the polls on Election Day to vote you will give this important office your careful consideration before you make an X opposite the name of the candidates offering themselves for this office. I believe in honesty and righteousness and in the event that I am elected I shall administer the duties of this office to the best of my ability with fairness and justice to all.

Being unable to see each and every one personally as I anticipated, I take this means of soliciting your vote and influence in the Primary Election on August 5th.

I and assure you that in the event of my election you will not be disappointed in your selection of me as your Justice of the Peace.

CHURCH FAIR BENEFIT OUR LADY OF THE GULF ON AUG. 2ND-3RD

Friday and Saturday, August 2 and 3 are the dates of the second fair for the fund of Our Lady of the Gulf Catholic Church.

As you the public are aware this money is for the financing of the Centennial Celebration of the church and it is hoped that there will be plenty of cooperation and that everybody will talk about the Fair.

Come out and bring the youngsters. There will be plenty of fun, plenty of food and then plenty for the fund if you come.

One cannot remember Bay St. Louis without remembering the annual Church Fair and not one ever says that they do not enjoy them. Be there. You should and you will, the church needs the money.

Attends Conference PTA At University

Mrs. C. C. McDonald, former State President, attended a two day conference of the Northern Mississippi District of the Congress of Parents and Teachers held at the University of Mississippi.

A total of 125 members of the Northern Mississippi District were in attendance at the meeting to study leadership training. For the second successive year the Mississippi PTA is stressing the project "Education for Responsible Parenthood."

Members of the PTA have a good opportunity to combat communistic "boring from within" because of the many PTA activities in every community. Judge L. A. Smith, Sr., of Holly Springs, member of the Mississippi Supreme Court told the meeting.

The Judge, speaking on the "The responsibility of molding public opinion" emphasized that the PTA through its four point national program is well equipped to serve the American public. The four objectives are "School Education, Health, World Understanding and Parent and Family Life Education."

Brothers of Sacred Heart Making Retreat At St. Stanislaus

A retreat for the Brothers of the Sacred Heart in the South, started Tuesday evening, July 29th and will close August 5th. On which date the appointments for the coming session will be given by Brother Gilbert, S. C., Provincial of the United States Province.

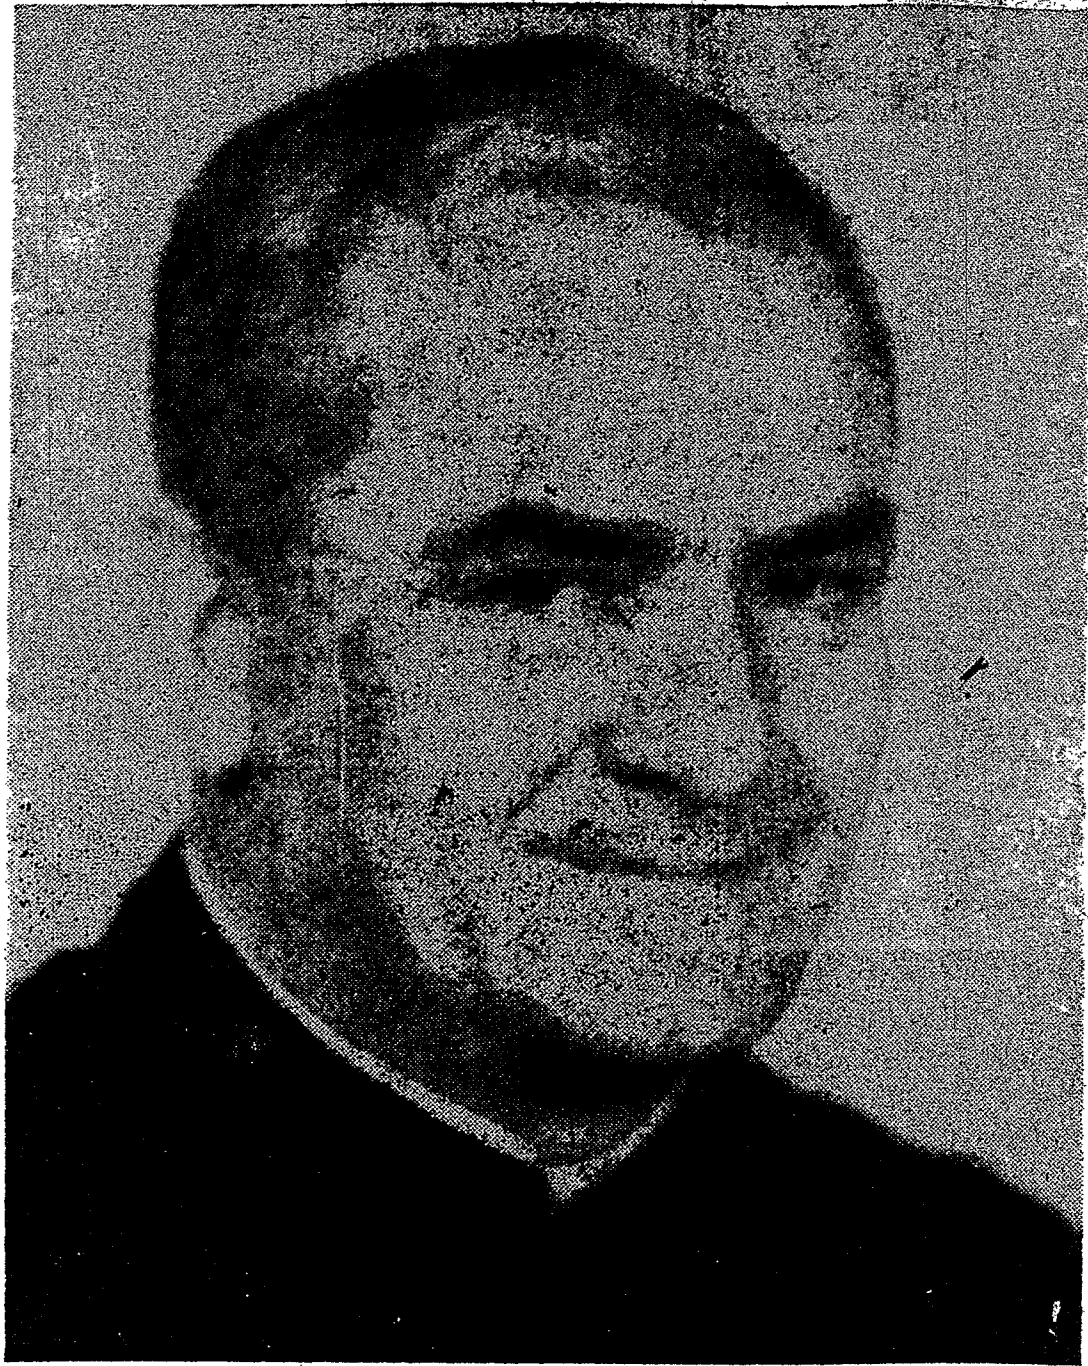

Approximately ninety Brothers are making the retreat. Father McNaspy, S. J., is the retreatmaster.

Will Conduct Services At Episcopal Church

Rev. Olin G. Beall, of Indianapolis will conduct services at Christ Episcopal Church here on Sunday, August 3, at 9:30 a. m.

Rev. and Mrs. Beall and their two children are spending a week at Hotel Reed.

Addresses Graduates Of Loyola University

REV. BROTHER PETER, S. C.

Reverend Brother Peter, S. C., President of St. Stanislaus and an outstanding Catholic Educator of this Country, made the principal address at the Commencement Exercises of Loyola University at the close of the summer session.

In his address he declared that "the menace now is the specter of World domination by Sovietism." "If Stalin and his cohorts could interpret the light of true history, they would realize that every nation that ever declared war on religion and in particular on the Catholic Church came out the loser."

Speaking before 27 graduates at the morning exercises in the Holy Name Auditorium, Brother Peter predicted that "not too long a time

will elapse before the grim days of war are unleashed again!"

He urged the graduates to spread an excellent example of teaching and understanding of others, stating that a primary duty to the pupils is to gain their respect and confidence.

The teachers, pupils and alumni of St. Stanislaus and the people of Bay St. Louis, should indeed be proud of the distinctive honor that has been paid to Brother Peter by having been invited to address the graduates of Loyola University, as it is indeed a rare occasion when the President of a High School is called upon to make the principal address at the Commencement Exercises of a University.

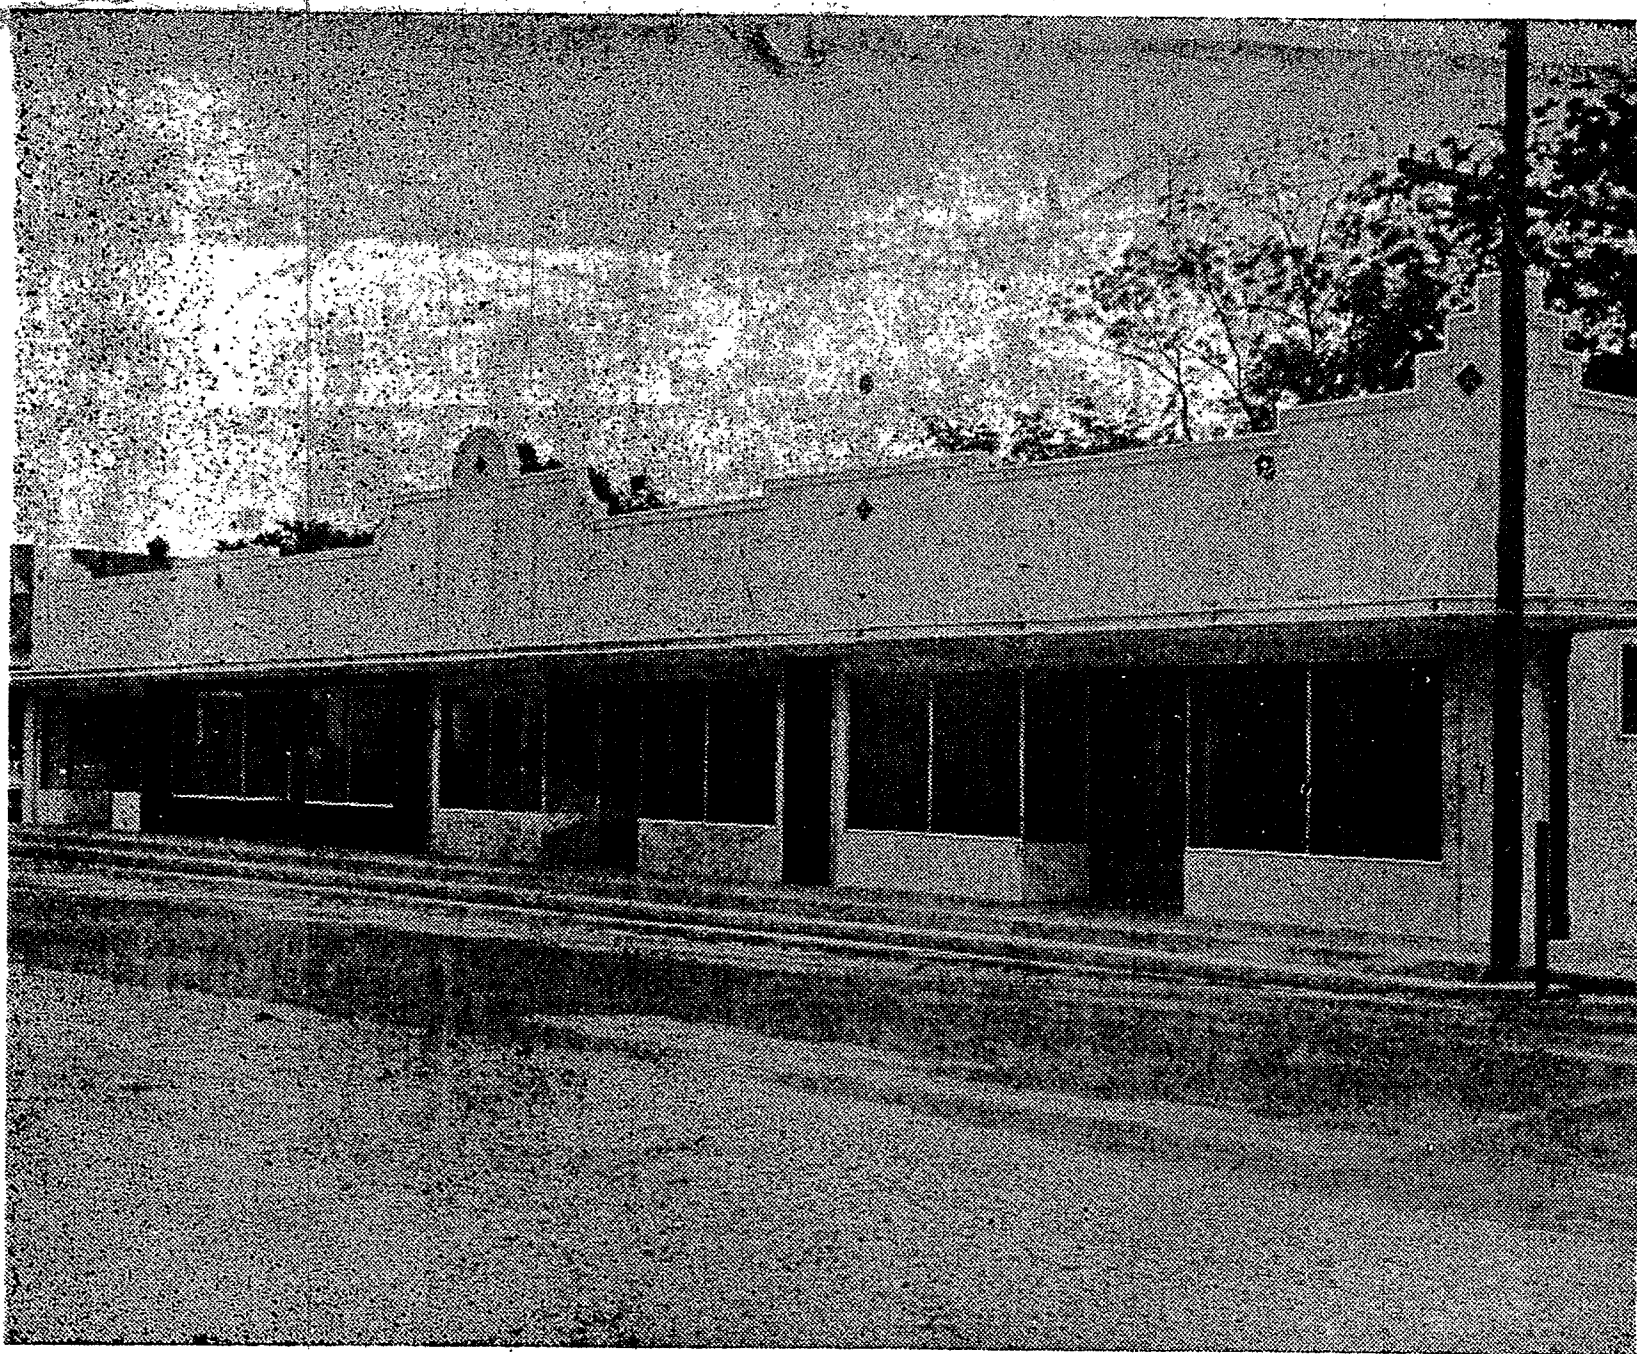

"OUTWARD BOUND" PRESENTED BY LITTLE THEATER

Bay St. Louis Little Theater audiences were given a new type of entertainment on Thursday, Friday and Saturday nights of last week when the fantasy-drama "Outward Bound" was presented. Hitherto only comedies and drama have been produced, and "Outward Bound," which is famous to theater goers on both sides of the Atlantic, provided a spice of variety to the year's program.

The unusual plot of the play was concerned with the attitude with which each of the characters faced the realization that he was actually dead and that the ocean voyage he was taking was in reality his last trip. . . . to Heaven or to Hell. Each character represented a type. . . . Mrs. J. N. Horrocks, a haughty, thoroughly wicked woman of wealth and position; Mrs. Kenneth Knoblock, a Cockney charwoman whose selfishness as a mother won real Heaven for her son and herself; Mr. Philip Allison, a big-business executive who had climbed to success by ruthless dishonesty; Mrs. Henry Otis and Mr. Jack Gordon, young sweethearts frantic with fear that they would be separated; Mr. Chester Davis, a bartender condemned to make the endless voyage back and forth forever; and Lt. W. L. Shetter, the examiner whose decision was final and just. The director of the play, Lt. J. L. Horrocks, is to be commended on the excellent performance, for the play was a particularly difficult one to prepare. The attractive and unusual set was made by Mr. John Lachy, Mr. Richard Shadoin, and Mrs. Stella Ward with the assistance of several other Little Theater members, and did much to create the proper atmosphere for the action.

The next play, the comedy, "Kiss and Tell," will be presented at the end of August. The cast will be announced next week.

NEW LOIACANO BUILDING

We have often heard the remark made, that a man was "self made" when he rose to certain heights through his own efforts. If this were true of individuals, it certainly is of Joseph E. Loiacoano, one of Bay St. Louis' outstanding young business men.

Born in Bay St. Louis on March 24th, 1915, this young man attended Bay High School, and graduated there in 1936. In June of the same year he married the former Miss Doris Osbourne and together they set out in their first business venture.

He purchased the grocery business that was then operated by his father Anthony Loiacoano, at the corner of Necaise Avenue and St. John Street, having at the time a capital of \$200.00 in cash. He made a purchase agreement with his father and paid him in monthly installments. Later he purchased the business where the J. E. Loiacoano Grocery is located on the corner of Esterbrook and Necaise Avenue from John Stassi, and from then on his business continued to build.

By careful business methods and with the faith in the future of his community he began investing his money in real estate in Bay St. Louis, and today he is probably one of the largest real estate holders in Bay St. Louis.

Two years ago realizing that his business was growing to such proportions that it was necessary for him to expand, he opened another store, known as the A. & J. Food Store, on Main street near Dunbar Avenue and has been doing a thriving business at this location.

Only recently, visualizing the future of Bay St. Louis and with a desire to develop the section of the City where his business is located, and where he was born and reared, he erected one of the most modern business buildings in the City of Bay St. Louis. A building that would do credit to any community. At the present time it is contemplated that

these stores will house several businesses that will solve the shopping troubles of the people of that section.

This young couple have worked hard, have exercised good business management, and they have worked side by side, in the development of their business and it certainly can be said that they have foresight and a faith in Bay St. Louis, for they have not hesitated to invest in its future.

They have two children, Anthony and Joseph, E. Jr.

Law Enforcement Assn. Meets—Name Steering Committee And Change Name to Citizens League

At the meeting of the Hancock County Law Enforcement Association held on Tuesday evening the name of the Association was changed to The Citizens League of Hancock County.

The following names were submitted as members of the Steering Committee: Rev. P. E. Pierce, Mrs. C. C. McDonald, Elder Woodrow Spiers, A. H. Gregory, Dr. J. A. Evans, Mrs. Charles E. Moore.

A letter was read from J. Lewis Henderson who was unable to attend, endorsing the work of the league and setting forth some very timely suggestions.

A motion was passed that a committee of three men be appointed to investigate at any time any rumors concerning questionable irregularities or otherwise. It was brought out that often rumors were circulated and when properly investigated these rumors had no foundation. The committee is to be named at a later meeting.

The candidates present, who were given an opportunity to speak were Ola V. Moran, board of Supervisors, Beat V; Chester Favre, constable, Beat V; H. R. Morris, for Sheriff; George L. Cuevas, Clerk of courts; Mrs. Jeannette Carmichael, justice of the peace, Beat V. Woodrow Spiers presided at the meeting.

DUSTING FOR RAT FLEAS COMPLETED

The D. D. T. dusting program for rat fleas was completed last week with every business establishment in Bay St. Louis, Waveland, Clermont Harbor, Lakeshore, Kiln, Pearlpoint and Logtown being treated.

The rat poisoning will start about the 15th of August, with mixed bait for the residential area of Bay St. Louis. The business establishments of the county will be treated with 1080, violent poison for all animals. The 1080 will be in the hands of an expert from State College and the Mississippi State Board of Health and owners of business places will be warned of its danger.

Receive Their Degrees

Brother Austin, S. C. and Brother Flavien, S. C., teachers at St. Stanislaus received their degrees following the completion of their course of studies at summer school. Brother Austin, received his degree from Loyola and was one of the graduates at the commencement exercises at which Brother Peter gave the Baccalaureate, Brother Flavien received his degree from Spring Hill College.

Mrs. Pearl Jopes of Logtown is a patient at the Martin Sanatorium with a broken hip and an injured ankle as a result of a fall at her home. Mrs. Jopes is a well loved character and her many friends are anxiously awaiting good news from her.

On Tuesday the Voters of Hancock County will make their way to the polls to vote for candidates from Governor to Constable.

Under the law the polls in the City of Bay St. Louis will open at 7 o'clock A. M., and will close at 6 o'clock P. M. In all other precincts throughout the County the polls will open at 8 o'clock A. M. and will close at 6 o'clock P. M.

In Bay St. Louis the polling places will be for North Bay St. Louis Precinct, Taylor School; for Central School precinct, Bay High School; Courthouse Precinct, at the Courthouse; City Hall Precinct at the City Hall and the South Bay St. Louis Precinct, at Webb School.

If you have any doubt as to your registration in a certain precinct may we suggest that you call the Clerk of Courts Office and ascertain your status before the day of election in order to avoid any confusion, and cause delays. Many people have moved from their original precincts and are now living in other precincts in Bay St. Louis, and have never changed their registrations. They are still voting in their original precincts.

Remember this and unless you have changed your registration go to the same polling place where you have voted in the past. Once the poll books are locked in the boxes and are delivered to the managers of election on Monday, it is hard and troublesome for the clerk's office to secure much of the information that is requested of them as to where a certain party may vote. So if you have any doubt will you please attend to it before Monday.

May we also suggest that you go to the polls as early as possible and cast your vote, there are many more voters than heretofore at every precinct in the County, and at the larger precincts some of the voters may find themselves shut out.

In order for a person to vote in the Primary Election of Tuesday August 5th, they must bring with them to the polls and present to the managers of Election at their respective precincts, their two poll tax receipts for the years 1945 and 1946 or if they are exempt from the payment of poll tax they must have a certificate from the Circuit Clerk showing such exemption.

Do not make the mistake of bringing to the polling places your 1944 and 1945 poll tax, for the reason that they may show a date of issuance of 1945 and 1946. If you will only take time to read your receipt and in the body of this receipt it designates the year for which the poll tax has been paid.

If you already have an exemption certificate for being over age for poll tax, and been used heretofore it is still good and can be used in this election, and may we suggest that you try to find your poll tax receipts and your exemption certificates, and have them ready and at hand in the event that you have lost them please do not wait until the day of election to go to the Clerks office to get a duplicate.

Elsewhere in this issue is a copy of the Ballot for the whole County, showing the respective beat officers.

LIBRARY TO HAVE TAG DAY

Watch For the Library's Tag Day. Don't you want to be tagged? It is fun to say I have been tagged because I contributed to the Library Fund. The library has no operating fund to draw from except that contributed by those who feel that the LIBRARY is an asset to the town. Are you one of the friends of the library so the taggers will have a tag for you. Be out and meet the taggers and give before they request it. The library needs the money. It cannot supply the demand for books. The date of the Tag Day will be Released next week. In the mean time talk about the library to your friends. Give it a boost. Help do your part for a necessary town and county institution.

PETER P. CHINICHE CORRECTS RUMORS

To The Voters of Beat Five, Hancock County:

It is rumored around throughout this beat that I am backed by what is called the "Ring." All this is rumored by a couple of my opponents and their followers, the reason being that they cannot find anything else to say about me, so they think up this sort of propaganda to knock me.

Some time ago, if you remember, I stated in my announcement that I was NOT backed by any political organization or party, and I still mean just that, the only backing I am looking for is the backing of every citizen and voter in this beat.

So again I want to ask you ladies and gentlemen to remember on AUGUST 5TH to vote for

Veterans' News

More than 17,000 government checks to Texas veterans were returned in the period January, thru May because of faulty addresses, the Veterans Administration reported this week.

Although this was only one percent of the 1,739,733 issued in Texas during that time, VA emphasized the hardships caused many veterans and the additional work-load resulting from the returns.

Principal cause of the returns was veterans moving and failing to give the VA notice of change of address. In all such cases VA must verify correct addresses before the checks can be remailed.

Most negligent in notifying VA of changes of address were World War II veterans taking on-the-job training or going to school. More than 60 percent of the returns were substance payments.

As a result of the study, VA has made some administrative changes which it is expected will help eliminate some of the returns.

But the principal factor in eliminating returned checks still is the veteran himself, VA said. Veterans must keep paying offices advised of their correct and current addresses to receive prompt and efficient service.

Veterans Administration services amputees, the blind and other physically-handicapped veterans will be brought closer to their home towns through prosthetic appliance units in each of VA's 13 branch offices. VA said it is setting the units up in the 79 offices and that all will be in operation within the next 30 days.

Trained VA employees in each office will give disabled veterans the latest authentic information on new inventions and other developments in artificial arms and legs, hearing aids, aids for the blind, cosmetic hands and ears, plastic eyes, and

Uncle Sam Says

Everybody knows it pays to buy U. S. Bonds. But not everybody knows how much it pays. By investing as small a sum as \$2.50 a week in U. S. Bonds, your savings will be \$3.75 in ten years. Take savings of \$3.75 a week; by 1957, you will have \$2,163.45. There are two easy ways to save automatically. Have a regular amount of money set aside from your pay each week for bonds through the Payroll Savings Plan. Or, if you're not on a payroll, but you do have a checking account, you can have your bank automatically charge your account for the purchase price of a bond each month.

QUESTIONS AND ANSWERS

Q. I have a blue discharge from the Army. Am I entitled to any of the benefits under the G. I. Bill?

A. If you have other than an honorable discharge, you may request Veterans Administration to review the circumstances under which it was issued. If it is found that your discharge was issued under conditions other than dishonorable, you will be eligible for benefits under the Servicemen's Readjustment Act (G. I. Bill).

Q. I am an American Indian and a World War II Veteran. Am I eligible for a G. I. Loan?

A. Yes, but it must be on property you own or plan to own outside the reservation. You cannot secure a G. I. Loan to build a home on tribal land.

Q. Will Veterans Administration accept collect telephone calls made by physicians who wish to ascertain whether they will be paid for emergency treatments given veterans?

A. Yes.

Q. I am a World War I veteran and I was married in June, 1945. Is my wife entitled to receive a pension when I die?

A. A widow of a World War I veteran is entitled to receive a pension if she was married to the veteran before Dec. 14, 1944, or 10 years or more. Consequently, your wife would not be eligible for pension if you died less than 10 years after your marriage.

Celebration of Air Force Day At Keesler Field

Keesler Field, Miss., July 24.—The Public Information Office at Keesler Field has announced that the celebration of Air Force Day at Keesler Field will be one of the most outstanding events in the history of the Field. It is urged that all interested in national security through air power in this atomic age participate in the fortieth anniversary of the founding of the Air Force. Official "Open House" at the huge Air Base will extend from Friday noon August 1 to Saturday noon, August 2.

Air Force Day observances are sponsored this year by the Air Force Association composed of present and former Air Force personnel. The theme of the celebration, Air Power is PEACE Power, indicates the need for a force that is second to none in the world. The Army Air Forces feels a definite responsibility to the public to show how the youngest branch of the armed forces is functioning in the post war era. Today every soldier is a member of the Regular Army. He has a definite job in which he is striving to become proficient. He is in most every case, a happy soldier. Operating with less money and less personnel, the Air Forces are performing an

For a business administration his past proves his ability. As a civic leader he's tops—As a business executive his success is proof.

Mr. Ortte owns and operates a chain of Theatres in Pensacola, Gulfport and Bay St. Louis.

He is Vice President of the Plaquemine Oil & Development Corp., of Delaware.

A member of the Board of Directors of the Miss. Theatre Owners.

He was recently elected as a delegate representing South Miss. to the National American Legion Convention to be held in New York City starting Aug. 28th.

Ed. Ortte volunteered and served overseas in the 1st World War.

In the 2nd World War he served voluntarily in the Coast Guard Auxiliary.

For the benefit of the Servicemen he extended his 100 percent cooperation and donated freely to every cause which would expediate the end of the War.

For years he has had a free Christmas Tree for thousands of children.

As a regular fellow, as a man who is as glad to see you today as tomorrow, rich or poor, who contributes generously to needy causes, he can't be beat.

He had brought good news to the County, news people like to read. Excerpts from newspapers as printed below are self-explanatory of his unlimited willingness to help his fellow neighbor.

Bay St. Louis Reaches for Tourist Trade

Seawall Road Improvement To Turn Trick

BY DAN GALOUVE
 (New Orleans States Writer)

Bay St. Louis, Miss., May 20—A nine-mile stretch of Mississippi Gulf Shore highway, extending from Bay St. Louis to Lakeshore, will be made accessible for motorists next month when improvements to the road connecting Lakeshore with United States Highway 90 are complete.

The stretch has heretofore been hidden from tourists traveling on the federal route because of the condition of the Lakeshore road.

Ortte believes that "the seawall road is the only real attraction we have in this part of the state."

"With nine miles of it hidden because of a bad road," he adds, "we're really not utilizing it to the best advantage."

He disclosed that considerable repair work has been in progress to the seawall route over the past two years "to make it the best stretch of road on the coast."

"During the past two years," he claims, "the county has patched the route in about 107 spots and placed the stretch in perfect condition."

Fill in Cavities

"We just decided that it wouldn't do to have the road sinking and sagging, so we drilled holes near the bad spots and pumped cement and clay into the roadbed to fill in the cavities."

"As a result of this work the road has been leveled off again. As soon as we notice a depression in the road now, we attack it right away and eliminate the trouble."

Other improvements planned for this section according to the supervisor, include hard surfacing of all roads in the county; beautification of the entire beach from Lakeview to Bay St. Louis by general cleaning up and planting of trees and shrubbery; removal of all old posts in the water remaining from demolished piers; construction of a small craft harbor in Bay St. Louis, and providing sand beaches where they are needed.

Trade Bypasses City

In the past, he explained, this trade has bypassed the city on the highway which goes through only the outskirts of the business district.

The nine-mile seawall road, part of a government-sponsored program completed in the last decade, has been used very little because it is not part of the federal highway as is the rest of the Gulf shore route between Bay St. Louis and Biloxi.

Work under way at present, sponsored by the county and the state, will transform the dusty road into a smooth blacktopped highway. At the same time, many New Orleansians who maintain summer residences in other communities between Bayou Caddy and Bay St. Louis will be given a shortcut to their week-end homes.

Standing to benefit by the improvements on the seven-mile long Lakeshore road are residents of Lakeshore, Clermont Harbor, Waveland and Bay St. Louis.

Work Being Pushed

Work, which started on the road last week, is progressing rapidly and satisfaction, according to Ortte,

Fishing Bug Blinds Folks to Storm Danger Laments Gulf's Champ Rescuer

By COPE ROUTH

Edward P. Ortte, who should be more philosophical about such things still shakes his head over the power of the fishing bug over normally intelligent people.

"They just won't listen to you," muttered the Bay St. Louis theater operator who is regarded as the No. 1 rescuer of fishing people along the Mississippi Coast.

"You tell them the waters too rough offshore or that there's a blow coming up and they still go right ahead."

"Or they go out in a skiff with a can of gasoline and an outboard motor and expect to make every fishing spot in the Mississippi Sound."

And Ortte usually winds up by bringing them in, cold, hungry, chagrined and promising of do better next time.

The experience has been repeated so many times that Ortte just shrugs his shoulders when you call him a hero. They say he's rescued 80 persons this summer alone but he hasn't kept track of them.

"I don't know how many there have been," he explained yesterday in the Hancock County courthouse in Bay St. Louis where he is also a member of the Board of Supervisors. "But you bring in eight here and ten there and I guess they add up in a hurry."

Rescue Part of Hobby

Ortte made the headlines last week when he rescued eight persons during a heavy storm along the coast but hundreds of New Orleans fishermen have long known of him and his fishing camp which he operates as a hobby at the mouth of Bayou Caddy, seven miles west of Bay St. Louis.

Ortte doesn't worry about them as long as the weather is good but when a blow comes up, he puts on his old clothes, tunes up the engines of his yacht Marion or one of his shrimp trawlers and gets ready to start rescuing people.

Of course when the water's too rough, Ortte just won't rent his skiffs. But the main trouble arises from the fact that people won't head for shore when they're faced with signs of a blow.

"As long as there's a smooth breeze into the shore, he explained, "there's nothing to worry about."

Ortte never takes any pay or favors for his rescue work although sometimes it costs him the service of some of his men for two or three days in addition to his own time spent in the bayous and open water for days and nights—New Orleans States.

who is the county supervisor from the Fifth Beat.

"We're pushing as fast as we can," he points out, "so that paving will be completed in time for this season's tourist trade."

"The county is preparing the road for blacktopping. As soon as our work is through the state will step in and finish off the project."

If it should be decided that the state will not co-operate in the program, we'll go ahead and finish the job ourselves."

Ortte explains that the finished road will mean a great deal to the future of Bay St. Louis.

Mr. and Mrs. Ed. P. Ortte Entertain at Christmas Tree Party

(Sea Coast Echo, 12/28/45)

Following a custom of many years Mr. and Mrs. E. P. Ortte entertained children of Hancock County, at a Christmas Tree Celebration, at their theatre, Friday, December 21. Santa Claus made the children happy, shaking hands with each of them and giving to each toys and fruit, from a large Christmas tree set on the stage.

Mr. Ortte welcomed the children and the adults who were in attendance and a program of Technicolor shorts and comedys were shown.

Mr. and Mrs. Ortte wish to extend their appreciation and gratitude to those who were so kind in assisting at the Christmas Tree Party.

Louisiana Fishing Law Will Not Effect Mississippians

(Sea Coast Echo, Friday, June 28, 1946)

The much debated bill before the Louisiana Legislature which affected the rights of the people of Mississippi to fish in Louisiana waters, unless a license fee of \$2500.00 was paid, and a \$200.00 license for each member of the crew from another state has finally passed the house of representatives of that state. However, our Louisiana Brothers were very kind to their neighbors on the East, and have eliminated from the bill the tax upon Mississippians.

It was the work of the people along the Gulf Coast who were interested in the fishing industry and in the people engaged therein, that brought about the elimination of the tax upon the people of Mississippi.

In our own County three members of the Board of Supervisors of Hancock County, Lander Nacaise, Johnson Shaw and Ed. P. Ortte, went to Baton Rouge while this legislation was really hot, and spent several days lobbying in the interest of their fellow Mississippians, who would have been affected by this bill if it had passed as it was originally drawn.

We are indeed happy that the Louisiana Legislature saw fit to amend the bill, and we are certain that the same friendly and kindly spirit that has existed between the people of these two States will continue on and on.

ORTTE'S FREE XMAS TREE SHOW PROGRAM FOR ALL CHILDREN OF HANCOCK COUNTY

(Sea Coast Echo, 1945)

Ed. Ortte again this year invites all the children of Hancock County to come to the FREE program and Annual Christmas Tree.

This invitation is extended to every child through the columns of the papers, announced from the stage and written in the Ortte Theatre circular.

See your truck drivers about bringing you to and from the Theatre.

ORTTE'S FREE XMAS TREE PROGRAM FRIDAY, DEC. 20

(Sea Coast Echo)

Each year the Ortte's Christmas Tree and Show Program have marked in each child's heart an event which happiness fulfilled. Each child receives from jolly ole 'Santa Claus' gifts, candy and fruit, besides seeing children's "Ideal Snow" on the screen and singing their favorite songs—all having one glorious time at Ortte Theatre.

This invitation is extended to every child through the columns of the papers, announced from the stage and written in the Ortte's Theatre circular to make sure all children will know about it.

See your truck driver about carrying you to and from the Theatre.

The Christmas tree and show program will be held on Friday, December 20, at 1:30. Remember the time and tell your friends. All children of Hancock County are invited to be the guests of Ortte Theatre on that date.

Ortte's Christmas Tree Held Friday, Dec. 20 1946

The annual Christmas Tree, given by Mr. Ed. Ortte for the children of Hancock County, held Friday, December 20th was enjoyed by over one thousand children. Ortte's Theatre was filled, with two and three youngsters in each seat and the aisles were packed, including the balcony which the colored patrons occupied.

The afternoon's entertainment was introduced by Bob Robinson followed with the showing of four comedies, then Miss Patsy Favre sang a Christmas carol. Mr. Dan Russell gave a brief resume of the origin of the tree, when Mr. Ortte lighted up a pine tree, eleven years ago, in Clermont Harbor, for the under privileged children. Later the tree was held at Ortte's Theatre in Waveland and now for the past five years in Bay St. Louis for all children of Hancock County and folks who are interested in attending. Mr. Russell spoke of the generosity of Mr. and Mrs. Ortte, in personally giving such a wonderful party, as they receive no donations. Adding that in view of the magnitude to which the affair has grown, it would be quite a privilege for some organization or organizations to support the tree.

That the happiness now brought to so many could extend to even greater numbers. Each child received, besides a handsome toy, fruit, popcorn and candy from Santa, who stood besides his large tree on the stage.

A TELEGRAM

Ed. Ortte

Washington, D. C., July 7, 1947.

Very much gratified to report that house just passed Colmer-Domengaux Bill authorizing appropriation fifty thousand Dollars for study of destruction of oyster beds along Mississippi and Louisiana Coast. And to determine best methods adaptable to rehabilitation replanting and maintenance thereof together with such sums that may be determined to be necessary to rehabilitate, replant and maintain beds. Have contacted Senator Eastland to insure passage in the Senate.

In a telephone conversation with Congressman Colmer Monday he informed me that this bill also covers, a minimum of \$3,000,000 and more if necessary will be used to rehabilitate, replant and maintain beds.

RESCUE ORLEANS MAN FROM SOUND AT BAY ST. LOUIS

(The Daily Herald, Monday Afternoon, May 19, 1947)

Bay St. Louis, Miss., May 19—A speedboat and a yacht were pressed into service here Sunday afternoon to rescue William M. Campbell of New Orleans, who hung tenaciously for nearly four hours to a skiff that had been swamped by rough weather in Mississippi Sound.

His companion, Jack Vaughn also of New Orleans, swam 3 or 4 miles to shore and summoned aid. Both men are in their twenties.

Edward P. Ortte, Hancock County supervisor who directed the rescue, said today that Vaughn came ashore near Waveland and caught a scooter hitchhike ride to Bay St. Louis.

"Was in a restaurant when Vaughn came up, clad in his bathing trunks and asked for help," Ortte said.

"I sent my speed boat out ahead with Russell J. Elliott and Guy Drew and then the rest of us started out in my watch, the 'Etro.'"

"Soon we found that the waves had drowned out the engine in the speed boat and we had to give them aid to get the speed boat going again."

"It was after dark when we found Campbell, clinging almost exhausted to the skiff, waterlogged but still afloat."

Ortte said the rescue was made by the speedboat occupants under searchlights of the yacht and that Campbell was then transferred to the yacht and revived from his near exhaustion.

The rescue was effected in Mississippi Sound between Waveland and Clermont Harbor. Ortte said Vaughn swam an hour and a half before reaching shore, and that Campbell probably would have felt safer had he known that his skiff was sinking.

Fishing Camp Operator Leads Eight To Safety

(Times Picayune)

Eight more persons have been guided to safety by Edward P. Ortte, fishing camp operator who knows the waterway labyrinth of the Mississippi Gulf Coast as most people know their own back yards.

Ortte's latest rescue were two stranded fishing parties, found a mile apart on a bayou near Bay St. Louis after Coast Guard planes and boats and private craft had searched vainly all day yesterday.

The fishing camp operator has brought in a total of 80 lost persons this season.

Benefit Performance By Ortte Theater for New Methodist Church At Clermont Harbor

(Sea Coast Echo, 1946)

An All-Staar Cast featured in "Swing Your Partner" will be shown at Ortte Theatre on Thursday, April 11 with all proceeds to be donated to the new Clermont Harbor Methodist church.

This Methodist Church has been much needed in this community and all Protestant people are invited to attend the services.

Any special donations for this church will be greatly appreciated and can be given or mailed to the Ortte Theatre or to Mrs. F. McCoy, Clermont Harbor.

Remember to attend Ortte Theatre, Thursday, April 11th and enjoy seeing this musical comedy "Swing Your Partner" and at the same time, your admission will go to the benefit of the new Clermont Harbor Methodist Church.

Mr. Ortte Appears Before Committee in Support Of Bill Introduced By Congressman Colmer

(Sea Coast Echo, Friday, May 31, 1946)

Supervisor Ed. P. Ortte returned last week from Washington, where he appeared as a witness before the Rivers and Harbors Committee, in support of a bill introduced by Congressman Wm. M. Colmer asking that the United States Government rehabilitate the Mississippi and Louisiana oyster reefs that were destroyed by the fresh waters of the Mississippi River from the Bonnet Carré spillway. The total amount asked in this bill to be appropriated by the Government is \$3,500,000.00.

Mr. Ortte who was high in his praise of the work that Mr. Colmer is doing in behalf of the Oyster industry of the Mississippi Gulf Coast, was representing the Mississippi Oyster Commission, at whose instance he attended as a witness.

Others in attendance were Mr. Reece Bickerstaff, member of the Mississippi Legislature from Harrison County and attorney for the Seafood Commission, Mr. Oswald Chatham, President of the Gulf Coast Seafood Union and member of the Sea Food Commission, Mr. Chester Delacruz, Mayor of Biloxi, who represented the oyster industry, Max Fountain, of the Fisherman's Union, Mr. W. F. Elmer, Secretary of the Sea Food Commission and Mr. James McConnell, Engineer of the Louisiana Conservation Department.

We are in hearty accord with this legislation and as pointed out by Mr. Ortte, as long as the waters of the Mississippi were allowed to flow to the mouth of the river the Mississippi oyster reefs sustained no loss. That the action of the United States Engineers in establishing the spillway at its present location and allowing the waters to flow through Lake Pontchartrain has totally destroyed the Mississippi Oyster Reefs.

With the destruction of these reefs one of the largest industries in the State of Mississippi has been destroyed. Certainly some effort should be made to cure this trouble.

Mr. Ortte stated that he suggested to the Committee that spillways could probably be opened on the west side of the river and that the flood waters could be distributed so that no particular section would be hurt.

If the bill before Congress the appropriation is for the rebuilding of the reef and not for payment to anyone for the losses sustained.

got into that Courthouse and against heavy odds, fought for the citizens.

We feel that he is in a much better position to serve the public from now on, than he has in the past, and in this case judging from his accomplishments of the past we are satisfied that he will deliver unlimited results in the future.

So good people again we say be careful who you vote for, we suggest you take each candidate and analyze his ability very carefully, judge him by his activities of the past, what he has done civically, what he has done to raise his living standard, what he has done to make him generally successful, then decide WHOM YOU WANT TO REPRESENT YOU IN THE FUTURE. Submitted and approved by Ed. Ortte—(Published and paid for by friends.)

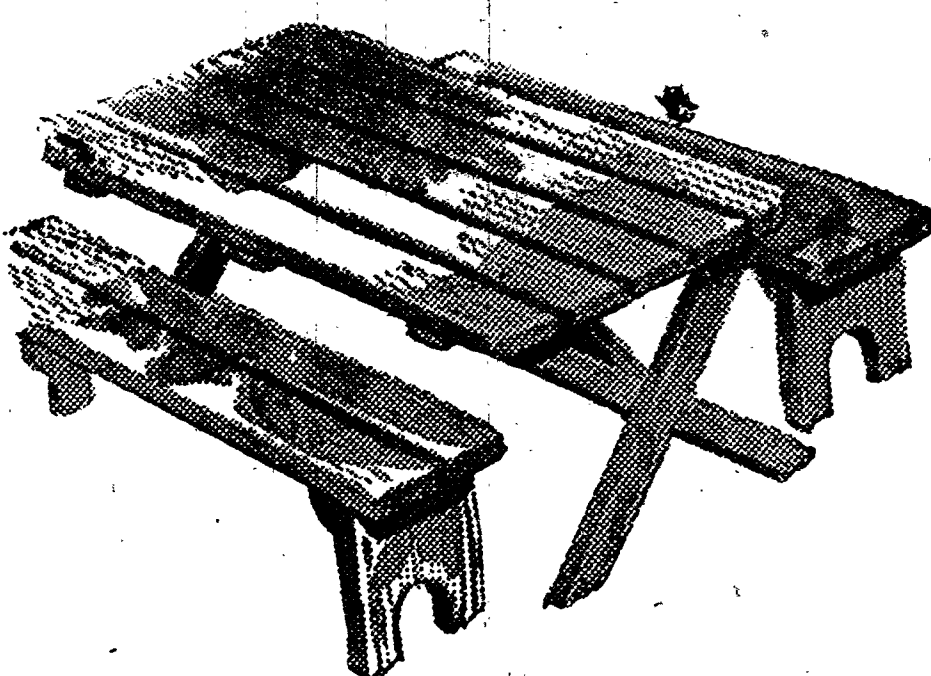

In selecting a man to represent you as a member of the Board of Supervisors, you would select one of the above type. A man who has various abilities, not a man with a one tract mind, but a man who had operated different types of businesses successfully. One who had traveled extensively outside the inner circle of a small limited space, a man who has extensive knowledge of human nature, patience and desire to pleasantly meet his public at all times, and who is not the type that will smile and try to shake your hand off only after he has decided the public should elect him to office.

In making your decision whom you will vote for please remember some of the improvements and accomplishments occurred during the administration of Ed. Ortte, such as, the protection of your Beautiful Seawall and Beach Road,

the new Lakeshore paved road from Highway 90 to the beach, the general improvements of all roads in Beat 5, the bridges, ditches, drainage. Remember the Lakeshore new fire-proof school and another which will soon be under construction in Clermont Harbor. The Washington St. road, the paving of the Nicholson Avenue road from the City limits to Highway 90. The cattle guards and dipping vats that were constructed, the dissolving of the County Road Contract. Remember Ed. Ortte as your insurance in the Courthouse, that the Taxpayers will always get that which is theirs.

Let your memory wonder back and remember when Ed. Ortte first entered politics he was supported by the independent voters. These good people fighting for what they knew was right, was successful in electing him over a mighty powerful organization. You all know how Ortte

Resume Of World News

Independence, even when handed out on a silver platter, seems to be as jumpy as a Mexican Bean. The Dutch are still fighting their colonies in the East Indies over the policy of carrying out the independence promised the Indonesians.

By last Wednesday the Dutch had captured 2400 square miles, but the East Indians were promising good use of the "scorched earth" policy. By Thursday the defenders had the Dutch pretty well slowed up and the "blitzkrieg" had bogged. In later reports, the Dutch admitted that the defenders were stiffening and the fighting getting tougher. By Monday of the week the Dutch had gotten their second wind and had moved 100 miles inland in two days.

Brest, France practically demolished during the war and partially rebuilt out of prefabricated wooden structures, was blasted to bits again Monday when an American built Liberty ship belonging to the Norwegians exploded in the harbor. This blast, much like the Texas City disaster but on a smaller scale, was caused by a fire in the hole of the nitrate laden ship. Fifteen were dead with 422 injured.

Eric, Pennsylvania reported a nine inch rain in 10 hours last Wednesday. No deaths were reported but 75 families were homeless and damage was estimated at \$1,000,000. Water was 15 feet deep in some streets.

The Jews and British are still having trouble in Palestine. In Haifa, Harbor, the Jewish underground Agency Haganah was blamed for the sinking of a British transport. A bomb was hidden in the transport hole and it sank immediately after the explosion. The bombing was thought to be in reprisal for the British deportation of 4554 Jews to France. On Friday the British picked up another ship with 400 illegal Jewish immigrants aboard. The Haganah Agency is accusing the British of planning to put all Jews in the Holy Land under martial law, while the English seem to be agreeing by having 150,000 under house arrest in Jerusalem, Haifa and Natanya.

Higgins Industries in New Orleans are having strike troubles. On Thursday 2300 strikers walked out after their demands for raises of 12c, 10c, and 5c per hour, according to kind of work and wages already being earned were refused. Approximately 700 workers ignored strike orders and stayed on the job. On Monday 800 men returned to work in defiance of picket lines, and by Tuesday morning only 300 workers were absent. The union discontinued use of its loudspeaker system imploring workers not to return, and pickets had dwindled to mere handfuls of men at isolated spots. Three pickets were arrested.

Two Negro boys, age 15 and 16, were executed in Woodville, Mississippi last Wednesday morning for murdering a prominent lumberman and stealing \$64 from his body. Each went to his death calmly, the first at 1:20 A. M. and the second at 1:23 A. M. Their last two meals consisted of fried chicken with a huge watermelon for dessert.

Mrs. Elizabeth K. Bailey, of Chalybeate, Mississippi, received good news this week. President Truman signed a special bill allowing her to stay in the U. S. permanently after she married a Mississippi man. The catch was that she was born in Shanghai, China, of a Japanese mother and a Romanian father and is a naturalized subject of Great Britain. She entered this country as a student in 1938 and in 1940 married Mr. Bailey. But—a person of Japanese ancestry as ineligible to become a U. S. citizen.

In nearby Harrison county, the sheriff's race is taking on a national flavor. The Mississippi Seafood Shippers Association and the Gulf Coast Shrimpers and Oystermen Association received \$30,000 to lobby for an amendment permitting Mississippi Seafooders to work in Louisiana waters. Then a Louisiana Legislator who had a brother in the Harrison County Sheriff race was accused of saying that if his brother wasn't elected he was going to vote against the amendment. Denials were in order by everyone and all serene and quiet in the end.

The U. S. is planning to stage a new atom bomb test. This country is announcing that top men in scientific fields are at work on new bombs and that we intend to maintain preeminence in this field until international agreements can be reached.

The A-bomb announcement came at a time when bitter debate was raging in the U N Security Council over trouble in the Balkans. The Russian satellites of Bulgaria, Albania and Yugoslavia were being accused by the U. S. as being menaces to European peace. Russia immediately sided with its 3 satellite countries. The trouble started over Albania's being accused of giving aid to Greek Guerrillas.

A coal mine blast in Illinois took the lives of 27 men Friday. Carbon monoxide gas hampered rescuers and endangered their lives.

For the third time in eight months food prices have set a new high record, according to the bureau of labor statistics. In the month ending June 15, the bureau reported a rise which set a new record of 19.5 per cent over the 1935-39 average.

Mrs. Margaret Truman mother of

the President, died Saturday morning at the age of 94.

The President signed the G. I. Terminal Leave bond cashing bill. This bill allows the bonds to be cashed any time after September 1. James V. Forrestal has been nominated by President Truman for the post of Secretary of Defense. This came after the merger of the Army and Navy portfolios.

The 80th Congress adjourned Saturday night. It was labeled by those in the "know" as very ordinary.

The Biloxi Shrimp Fleet 100 strong was blessed Sunday by Father James Curley and Father D. O'Hanlon.

The Mississippi Highway Commission let contracts Tuesday for \$3,408,000 worth of road work. Director Walter Spiva announced that 23 of the 38 projects will be for farm to market roads. Hancock County is included in this list.

Tear Out This Ad as a Reminder

TO THE VOTERS OF HANCOCK COUNTY

Ladies and Gentlemen:

It is time for the voters of Hancock County to wake up, and find out what is being done with the Taxpayers' money in Hancock County. We have a dredge boat that is a profit to some people and a dead issue to others. At the Veterans of Foreign Wars Rally at the City Hall of Bay St. Louis, Mr. Henry Capdepon got upon the stand and expressed to the ladies and gentlemen of Hancock County that the dredge boat dug a channel at the Dorgan Seafood Factory for the benefit of the fishermen, so they could get in and out with their boats. He also said that the dredge boat dug a channel at the mouth of Bayou Cadet for the benefit of the Unity Seafood wharf so that the boats could come in close to unload.

Ladies and Gentlemen, I want remind you of one thing that Mr. Henry Capdepon failed to say to you people; that there was also a canal dug at Clermont Harbor by the same dredge boat. The reason why Mr. Henry Capdepon didn't mention this was for the simple reason that he couldn't find any cause for it. But now, Ladies and Gentlemen, this dredge boat cost the County a lot of money. These men are being paid by the month.

To the Voters of Hancock County, there is one way to find out what is being done with your money.

Planting Fall Crops For Grazing and Hay

There will be a considerable shortage of corn this year, as the dry weather in this section will cut the total production in half, and in the upper Mississippi River Valley floods have completely destroyed the corn crop. The price of corn has reached an all time high, one can not expect any decrease in feed prices.

Fall grazing crops such as oats, crimson clover and other grazing crops should be planted in August or early September.

If planting oats, plant by September first four bushels of good seed oats, and make application of 200 lbs. 250 lbs. nitrate of soda at time of planting. Oats should not be grazed until they are 6 inches high, but should not be allowed to joint before grazing as they will not come out if bitten off after jointing.

One and one half acres should be planted for each dairy cow, one acre for beef cattle and one acre for five head of sheep. One half of the total intended acreage should be planted September first, this to be followed with Lespedeza in the spring and the oats saved for grain. The other half of the total acreage to be planted, should be seeded first of October and 10 pounds of crimson clover planted with oats, this acreage can be grazed until first of May and can be followed with Alyce clover for hay crop or temporary grazing.

HELP BUILD

AMERICA'S AIR POWER

on AIR FORCE DAY, AUGUST 1ST

No one today questions the fact that the whole future of the United States may rest in the very clouds over your head. And the new, reorganized Air Forces give thousands of eligible young men an opportunity to take an active part in building America's air power... on the ground as well as in the sky.

You may, for example, enlist in the Air Forces for three years. If you have a specialty which will qualify you, you may also be able to enlist in a grade at higher pay.

If you have had Air Forces experience, you may join the Air Reserve and continue your military aviation training outside of business hours.

Or, you may join the Air National Guard and perhaps become eligible for advanced technical training at special Air National Guard schools.

On Air Force Day, make a point of finding out everything about your Air Forces — especially the new Aviation Career Plan described below. Full details can be obtained at your U. S. Army Recruiting Station.

NOW—THE WORLD'S GREATEST OPPORTUNITY FOR A CAREER IN AVIATION

Today the Army Air Forces offer high school graduates an unprecedented opportunity to get the finest aviation schooling on earth — and select your school or course before you enlist.

The AAF Career Plan is unlike anything ever offered before. It permits selected high school graduates to apply and qualify for AAF specialized courses of their own choice. Simply go to your U. S. Army Recruiting Station, advise the Recruiting Officer the kind of aviation training you want and he will provide you with an application blank and a complete list of available courses.

When you are selected to attend the course of your choice, you enlist in the Army Air Forces for 3, 4 or 5 years. After your basic training period you are guaranteed the education you have selected, to make you a specialist in the type of work you want.

Get a list of all the schools and courses open to you under the AAF Aviation Career Plan at your U. S. Army Recruiting Station.

ORTTE THEATER SUNDAY - MONDAY "CARNIVAL IN COSTA RICA"

In Technicolor, Satirizing
Dick Haymes, Vera Ellen
And Cesar Romero

Turning its omniscient musical attention to a heretofore untapped source of colorful spectacle and rhythmic richness, Twentieth Century-Fox has dipped into the fabulous Caribbean area for its newest Technicolor musical extravaganza, "Carnival in Costa Rica." The film, starring Dick Haymes, Vera Ellen, Cesar Romero and Celeste Holm, is said to blaze a brilliant new path in unusual and exciting musical entertainment.

Withal, "Carnival in Costa Rica," provides its quartet of top musical stars with their grandest roles to date. Dick Haymes, currently riding the crest of the wave among the nation's top male singers, is seen as Jeff Stephens, young American business man who learns about a new kind of love under the tropical moon. While Dick is considered to be the best actor among screen singers, his baritone voice is brought to the fore with "Another Night Like This," and "Mi Vida," two of the film's seven hit songs.

Blonde and sprightly Vera-Allen who last captivated audiences in "Three Little Girls in Blue," once again proves her terrific terpsichorean talents, this time with a fiery Latin American accent.

Much of the picture's spectacular Technicolor background footage was filmed in and around the capital, San Jose, at Heredia, Disampadoes, Alajuela and other spots far-famed for their exotic interest and beauty.

There will be Matinees Sunday at 2:45 P. M. and Monday at 4:45 P. M.

SECOND UNIT IN MISSISSIPPI'S GREATEST POWER PLANT GOES IN SERVICE

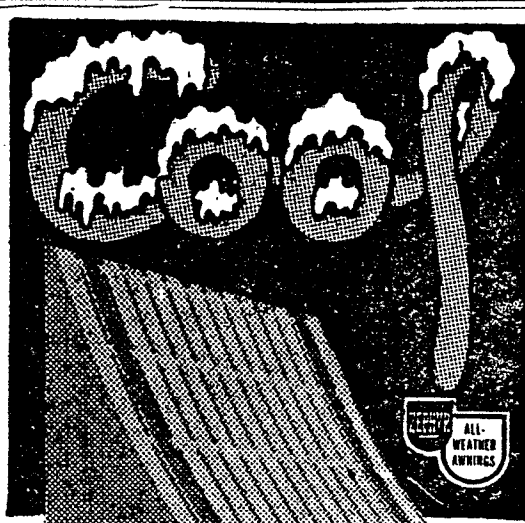

New Turbine Capable Of
Lighting A Quarter Million
100 Watt Lamps

Plant Eaton, electric generating station of Mississippi Power Company on Leaf River near Hattiesburg, will double its productive capacity this month when its second unit goes into service.

In announcing that test runs of the new unit were in progress and full scale operation was expected by the end of July, Mr. L. P. Sweatt, president of the company, stated that Unit No. 2 has been under construction for approximately two years and that equipment for the third unit is on order.

"Completion of No. 2 unit provides Southeast Mississippi with 45,000 kilowatts of modern high pressure steam driven generating capacity using natural gas for fuel," said Mr. Sweatt. With the two units in operation," he said, "Plant Eaton is expected to use approximately 4 billion cubic feet of natural gas annually, thus providing a market for one of the state's basic resources while providing an increased power supply for expanding industrial, home, and farm use."

Plant Eaton is state's largest electric power plant and, in 1946 with only one unit in operation, produced approximately two and one-half times as much electricity for the public supply as all of the remaining plants in the state combined. The plant is interconnected through a transmission network with all of the industrial and trading centers and rural areas in Southeast Mississippi.

**COMPLETE THREE-DAY
RETREAT SUNDAY**

On last Sunday afternoon, fifty Catholic women completed a three-day retreat at St. Margaret's Daughters Hubert Blenk Memorial Home on South Beach Boulevard.

The retreat was given by Rev. Father H. Rogers, Jesuit priest from New Orleans, whose powerful sermons and guidance in meditations and prayer were the means of enabling this group to cast aside personal and worldly affairs and lift their hearts and minds from the troublesome thoughts of a post-war world.

Opening on last Friday evening with a welcome sermon, and beginning the two days of retreat with mass each morning, a morning and afternoon session, recitation of the rosary and following of the Way of the cross under the beautiful oaks, fourteen of which are affixed with a small wooden cross, the women attending really availed themselves of every opportunity for conducting a truly devout retreat.

The open-air chapel and winding path to the beautiful grove to Our Lady, and the peace and serenity of the natural beauty of this spot offers a wonderful haven for persons seeking the consolation and solace of a retreat.

Under the direction of Miss Janey Marks, the benefits of this splendid home are steadily increasing. The grove in the rear of the grounds is a lovely tribute, surrounded by handsome shrubs, and with nine stone benches donated in memory of members of circles of St. Margaret's of New Orleans.

The women attending this, the last retreat for the summer, were from Lake Charles, Morganza, Shreveport, Alexandria, Morgan City, Louisiana; Biloxi and Long Beach, Bay St. Louis and Port Arthur and Austin, Texas.

is vital to the trade and commerce of a peaceful world.

In witness whereof, I hereunto set my hand and caused the seal of the United States of America to be affixed."

**PRESIDENT PROCLAIMS
AIR FORCE DAY**

President Truman lauded the AAF when he proclaimed Air Force Day, August 1st, 1947, said Captain Ralph C. Williams, Commanding Officer of the local US Army Recruiting Station in an interview revealing Air Force Day celebrations to be held in the Gulfport area.

"Whereas the Army Air Forces contributed immeasurably to our victory over the enemy in Europe and Asia and stated ever sh shemcmtn Asia and stand ever ready to defend our nation in time of danger; and

Whereas our appreciation of liberty is strengthened by our recollection of the achievements of the living and the sacrifices of the dead, which through four decades have nurtured the growth of American air power; and

Whereas August 1, 1947, marks the fortieth anniversary of the birth of the Army Air Forces;

Now, therefore, I, Harry S. Truman, President of the United States of America in order that we may more justly honor the men and women of the Army Air Forces and more fully acknowledge the contributions of all those who have developed and maintained our nation's air strength, do hereby proclaim Friday, August 1, 1947 as Air Force Day and invite the Governors of all the States to issue proclamations calling for the observance of that day; and I also direct that the flag of the United States be displayed on all public buildings on that day.

I remind all of our citizens, that the air power of the nation is essential to the preservation of our liberty, and that the continued development of the science of air transportation

**ORTTE THEATER
WED. - THURSDAY
"SMOKY"**

You have seen such pictures as "My Friend Flicka," and "Thunderhead, Son of Flicka," produced by the same studio as "SMOKY," it is the same kind of picture and as beautifully photographed in Technicolor.

Furthermore, there's Fred MacMurray, Anne Baxter, Bruce Cabot and Burl Ives, that sweet-voiced singer whose delivery of western songs is tops. And there's added value in the fact that the Will James novel on which the film is based has been known and loved for many years.

It's the story of a man's love for a horse, and the screenplay by Lillie Hayward, Dwight Cummins and Dorothy Yost the romantic and dramatic elements have been subordinated to the emotional which is as it should be in this type of picture.

"Smoky" real star of the piece, is shown first as a three year old, a wild horse who has never known rope or saddle. A roving cowhand, attracted at first sight by the beautiful stallion, sets out to break him. The man succeeds only partially, for although he wins the animal's affection, the half-tamed horse will allow no one else to come near him. When the horse is brutally abused by the cowhand's no-good brother, "Smoky" reverts to type, tramples his tormentor to death, and makes a break for freedom. He is eventually picked up by strangers who exploit him on the Rodeo Circuit, and when a fall incapacitates him, he is sold to a junkman and appears doomed to end his days ingloriously pulling a cart.

The cowhand, however, has not ceased to search for him. After a period of years he runs across "Smoky" by chance, purchases him and puts him out to pasture on the self-same ranch where the wild horse was foaled.

Robert Bassler's production is at once spacious and life-like. Louis King directed with a hand as gentle and sure as that of a horse-trainer. It's a natural, and you should see "Smoky."

The AAA Program which was temporarily suspended May 23rd has been reopened. Payments will be made for all practices carried out while the program was suspended provided Farmers will report them to the AAA office by August 31st. Farmers who have not used up all of their 1947 soil building allowance can also earn payment between now and December 31st by building terraces, V-drainage ditches, and stock ponds and by using Basic Slag, Superphosphate, Potash and Lime. Before a practice is started farmers should come to the AAA office and get a prior approval form issued so that money can be set aside to make the payment.

J.M. (JACK) TUBB

CANDIDATE FOR

**STATE SUPERINTENDENT OF PUBLIC
EDUCATION**

TUBB IS WELL TRAINED

Tubb attended the rural schools of Monroe County. He earned a B. S. Degree from Mississippi Southern College and an M. A. Degree from the University of Mississippi.

TUBB HAS A BROAD PROFESSIONAL EXPERIENCE

Tubb's experience may be summarized as follows: Teacher of one-teacher school in Prentiss County; Superintendent of High Schools in Prentiss, Perry and Kemper Counties; Critic Teacher at Mississippi Southern College; member of legislature from Monroe County; six years as President of East Mississippi Junior College at Scooba; and TWO YEARS AS STATE SUPERINTENDENT OF PUBLIC EDUCATION.

TUBB HAS MADE GOOD AS STATE SUPERINTENDENT OF EDUCATION

In no comparable period in the history of the state has educational progress been greater than during the two years of Tubb's administration. Never have the people of Mississippi been more united in their determination that Mississippi's educational facilities shall be the best in the power of the state to provide. Tubb has proved himself to be a tireless and effective worker. He has shown that he can work effectively with teachers, legislators, laboring people, and business and professional groups.

TUBB DESERVES A FULL TERM IN HIS OWN RIGHT

Your active support is earnestly solicited.

How women and girls may get wanted relief from functional periodic pain

Cardui, many women say, has brought relief from the cramp-like aches and nervous strain of functional periodic distress. Taken like a tonic, it should stimulate appetite, aid digestion, thus help build restful sleep. It should help relieve pain due to purely functional periodic causes. Try it!

SALARY INCREASES FOR A POLITICIAN — A PITTANCE FOR THE
CLASSROOM TEACHER**

Here is my opponent's "Record as President of East Mississippi Junior College, Scooba, Kemper County, Mississippi from July 1939 to July 1945: He began at a salary \$2700 per year. During the 1940-41 session, his salary was raised to \$3600 per year. In the 1943-44 session, his salary was raised to \$4000 per year. Classroom teachers' salaries in the same institution remained the same except for the session 1944-45 when they received an approximate 5% increase or about \$65 per session. A teacher of English in this College received a salary of \$133.33 per month or \$1200 each session during the time when this Political appointment-seeking opponent succeeded in increasing his own salary from \$2700 to \$4000 per year. He was telling his classroom teachers that there was no money with which to raise salaries. Is this fighting the battle for classroom teachers? No! It is demagoguery of the cheapest sort. Wouldn't it have been fair to have used part of his salary increases to boost the salaries of his underpaid classroom teachers?

The railroads have received 44 "rules" demands from the leaders of the operating unions . . . representing engineers, firemen, conductors, trainmen and switchmen. They say they are seeking only changes in working conditions—NOT a wage increase.

More Money For Less Work

But what kind of rules are being asked for? Twenty-eight of them would compel railroads to pay more money for the same, or less work; 7 would require additional and unnecessary men to do the same work; the rest would bring about changes in operating practices at increased cost.

For Instance:

The Union leaders demand additional train and engine crews on Diesel-powered trains—one full crew for every power of a locomotive. A freight train hauled by a 4-unit Diesel would have to carry 4 engineers, 4 firemen, 4 conductors, and at least 8 brakemen, or a total of 20 men instead of 5.

"Made Work"—Sheer Waste

The Union leaders demand that full-length freight trains be cut to about half their length, even though such trains are most efficient for low-cost service to you. This rule would call for twice as many locomotives, would double the number of trains, and make accidents more likely.

Additional equipment, yards, and other facilities required to take care of these short trains would cost hundreds of millions. What the Union leaders really want is to make more jobs.

The Union leaders demand that when a crew in one class of service perform incidental service of another class, they will be paid not less than a day's pay for each class, even though all service is performed as a part of the same day's

work. The crew would get at least two days' pay for one day's work.

The Union leaders demand that the present basic day for passenger con-

ductors and trainmen be reduced from 150 to 100 miles, which would have the effect of increasing their pay 50%. Such a run often takes only two or three hours!

You Can't Afford This Waste

Demands like these are against the interests of the whole American people, who depend on railroad service for nearly everything they eat, wear and use.

These rules would cost A BILLION DOLLARS annually—a gigantic waste which neither the railroads nor the country can afford.

Railroad workers are good citizens and good employees, with pride in their calling. Their record during the war was outstanding. We do not believe they fully understand the "featherbed" rules which the Union leaders are demanding. We do not believe they understand the harmful results which these rules would have to the railroad industry, to the millions of men and women dependent on railroads for their livelihood, and to the shipping and consuming public.

The great strength of America is in production—an honest day's work for an honest day's pay.

For only through greater production can we hope to stop the steady upward surge of living costs.

Surely, if ever there was a time in our history when we needed to work, not waste, this is it.

MODEL AIRPLANE MEET TO BE HELD

Keesler Field, Miss., July 23—A model airplane meet will be held at Keesler Field, Miss., on Saturday, August 2 immediately following the huge Air Force Day Review. The meet is open to all interested model builders and entries must be submitted to Captain Lee R. Guiley, Public Information Office, no later than Thursday, July 31st. There will be no entry fee.

Elaborate prizes have been secured for winners and it is expected that jet and radio controlled models will be entered in the contest. Letters have been sent to model clubs throughout the State and to Army Air Force installations within a 200 mile radius of Keesler Field.

A board of enlisted men headed by Pvt. Richard Escofie of Squadron TN-2, has been appointed to set rules for the contest which will be governed by AMA standards. The meet will be held on the ramp outside the hangars on the flight line and spectators from the review are invited to see the show.

This is a part of the huge Air Force Day celebrations to be held at Keesler Field on August 1-2-3.

Candidates for State Offices That We Are Supporting

We have been asked on numerous occasions in the past few weeks as to whom we were supporting for the various State Offices.

Many voters, not being acquainted with the candidates for these offices are at a loss to know which one to vote for, and in many instances

place a cross opposite the name of the first candidate on the ballot for the particular office that they are voting.

We know practically every one of the candidates who are offering for State office, and of course some are closer personal friends than others and we are interested in their

candidacy. We feel that these parties can efficiently fill the office to which they aspire, and we are going to support them.

The following is a complete ticket to be used in the election on Tuesday, August 5th, and the State Candidates with the X opposite their names are our candidates.

Grand Stand Being Erected On Morreale Park, Highway 90

The Morreale Park is soon to have a substantial grandstand, seating supervision of Horace Farr. The

foundations have already been laid and just as quickly as the building material can be secured the stand will be completed under the

front of the stand will be completely covered with a strong wire screen. At each end will be rest rooms for ladies and gentlemen. With the already perfect condition of the field and acquisition of lights this will give Bay St. Louis one of the best athletic fields on the entire Gulf Coast.

The field and stands will make it possible to have all branches of outdoor sports as well as boxing and wrestling handled to the satisfaction and comfort of the patrons. Besides the grandstand there will be three or four sets of movable bleachers that will take care of overflow crowds when needed.

The grass from the park to Highway 90 has been cut down affording over two square grounds of parking space.

Rhodes Hauling12
Magnolia State 8

Wilmer's Grocery6
Loiacano's Grocery 3

In the first inning the Rhodes boys had an easy time until the sixth inning when the Supply boys scored 3 hits, 3 walks and a home run by Roger Favre. Five runs were scored which made the score 9 to 7 in favor of Rhodes. In the following inning Rhodes scored 3 runs and Magnolia scored 1 which made the final score 12 to 8.

For Magnolia State Walter James Phillips did the pitching while Stechmann was behind the bat.

For Rhodes Leroy Bourgeois was on the mound and Howard Bourgeois was doing the catching.

In the highlight of the evening Wilmer's beat Loiacano by a score of 6 to 3. It was a pitching duel between Sid Geoffrey and Jr. Favre. Both teams were held scoreless until the second inning when hits by Tom Egloff and Leroy Luc put Wilmer's in front 1 to 0. In the following inning Loiacano's scored when Billy Osbourn got a single and stole all the way home. This made the score all tied up one to one. In the 3rd inning the Wilmer boys scored 4 runs from two hits one walk and one error which made the score 6 to 1, the Loiacanos started a rally and scored two runs which ended the game 6 to 3.

Jr. Favre gave up 9 hits, while Sidney Geoffrey gave 6.

Next Sunday there will be two more games between Magnolia State vs Toule Auto Parts and Wilmer's Grocery vs Rhodes Hauling.

FAIRNESS TO ALL

TO MY FRIENDS. TAX PAYERS AND VOTERS

Election day is just a few days off—knowing that I will not be able to see or contact each and everyone of you personally before election I take this means of contacting you and apologize for not calling on you personally.

In the columns of the local papers and posters I gave you some of the many reasons why we should have a business administration to handle the affairs of the County.

You know the condition of our County financially and otherwise.

Therefore I am asking you to give me due consideration when you are making your selection for Board of Supervisors, Beat 5.

Permit me to thank all of you in advance for any help or trouble that you may go to to bring to this County a successful election.

(Signed) E. J. (ED) ARCENEAUX.

Candidate for Board of Supervisors, Beat 5

Tuesday August 5 is Election Day—The Ballot is rather long—Please Vote Early.

HORACE L. KERGOSIEN Candidate For Sheriff And Tax Collector

To The Voters Of Hancock County

Election day is drawing near and due to illness for the past few weeks I have been forced to stay home most of the time, therefore I have failed to contact many of the voters. I am forced to take this method of making my last contact. You already know I am a candidate for Sheriff and Tax Collector, I served you in that capacity before. I feel proud of the honor and privilege you bestowed on me and in return I responded with an efficient and conscientious administration. My prisoners both white and colored can vouch for their treatment, they were well fed, furnished clean quarters and at no time they were ever allowed to be abused.

I am running this race on my past record, my service, my reputation and my background. I am known throughout Hancock County, was born at Fenton and lived here all my life and have been in constant contact with the people through civic and political activities. I have not written any letters nor have I gone to the expense of buying sound equipment, as stated above I am known and feel that you are in a position to analyze my qualifications.

I want to give you a brief sketch of my past. I served you for 12 years as deputy clerk of courts, 4 years as deputy Sheriff and Tax Collector and 4 years as Sheriff and Tax Collector. The past 4 years I have been successful in the Real Estate business. Be careful when you cast your vote for Sheriff and Tax Collector, this is your main and most important office and a mistake made on August 5, will last for 4 years. I stated in my announcement that I am independent, footing my own expense and not running on any ticket. I am not obliged to anyone and can represent you fair and honestly. Beware of political henchmen (not candidates) who will hover over you and shower you with attention and will be at your service up to (Aug. 26) only. These men are professionals and are in every precinct, they never run for office but are kept circulating in your precinct pulling for their candidates who are always syndicate or organization candidates. You owe your family, the community and society in general careful consideration so that you may not be misled in voting. If you do not know a candidate be safe and do not vote for him. Check every candidate's qualifications, reputation in his community and service to his fellowmen.

I am going to conclude this article asking your Careful Consideration, Checking by Comparison, qualification and reputation. I earnestly solicit your vote on August 5 and I realize that I will not be able to see you before that time, therefore, I will appreciate anything done in my behalf.

VOTE FOR HORACE L. KERGOSIEN—For Sheriff and Tax Collector.
